

HOPELESS

Do you ever feel hopeless? You may feel depressed or discouraged to the point that you think that there is no purpose in life? You may even feel that your problems are too big to handle. You are not alone. There are literally thousands of people that feel exactly like you feel.

It is true that today's problems can be complex. You may have gone through a divorce or maybe you have been abused in some way. You may have strained relationships with your children or even your parents. Sometimes you might even have a problem that isn't related to people, but the problem causes problems with others. Fortunately, there is no problem that is too complex for God to understand.

Did you know that God knew about the problems that we would face even before we were born? That's right! He knew exactly what you would be facing when you read this tract.

You might be thinking, "How does that help?"

What if God knew your problem ahead of time and took the time to

write down His solution? Would that be helpful? Guess what! He did exactly that. He wrote down the answers to our problems. You probably know what I am talking about right? He wrote His answers in the Bible!

Now, you might be thinking, "How can the Bible really help me with this situation?"

That is a good and fair question. While it would be impossible to address every problem in this short tract, let me list a few common problems that the Bible addresses.

- Marriage problems
- Parent/child relationships
- In-laws
- Child training/discipline
- Friends
- Work related problems
- Money problems
- Bad habits of all kinds
- Depression, anxiety, guilt and anger
